Georgetown, Guyana

November 8, 1978

My predecessor, Mr. Richard Mc Coy, was unable to visit the People's Temple Agricultural Community on August 1, 1978 because the nearest airstrip had been closed by heavy rainfall. He has since assumed a new position elsewhere.and I have been assigned to Georgetown as his successor.

I visited the Community yesterday and spoke to Bonnie. She asked me to relay to you her assurance that she is well and happy.

If I can be of any further assistance please do not hesitate to write again.

Sincerely,

Douglas V. Ellice, Jr.
American Consul
